Fry's Picture Nouns: Flashcards

Cut out each flashcard and then bend it in half along the thick middle line. Then, glue the front and back together so that the word is on the front, and the picture clue is on the back. You may want to laminate these cards so that the front and back are secure and do not come apart after repeated use.

Or, you could also cut each flashcard into two separate cards along the thick line in the middle of the word card and the picture card. Then, you can use these cards as a matching game activity.
